## DESCRIPTION

---

The armchair is a modern model of street furniture with exceptionally ergonomic shapes. Its construction refers to the form and shape of the traditional chaise longue. City Longue Armchair is designed for one or two users. This model allows to rest in a reclining position and it's adapted to the ergonomics of your spine. The design of the model is based on the steel sheets and wood. City Armchair brings a bit of home comfort into the public space, giving it a completely new character.
