DESCRIPTION

The Quadro series flower pot is 180 cm wide and 100 cm high, ideally matching the width of the 02.476 and 02.076 benches. Thanks to its modular design, the flower pot can be arranged and combined in larger compositions with other elements of the Quadro series, such as benches, flower pots or baskets, creating coherent and aesthetically pleasing arrangements in the urban space. The structure of the flower pot is made of steel. The following options are available: - galvanised carbon steel and powder-coated in any RAL colour chosen by the customer, - stainless steel, characterised by an elegant appearance and resistance to weather conditions.
